Identification of the preparation and the supplying Company

Cypermethrin 10% EC. An emulsifiable, concentrated insecticide for dilution with water & application to surfaces.
Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA.
Tel: +44 (0)1924 268450 Fax: +44(0)1924 265033 Email: technical@Killgerm.com

Hazards identification

- Xn – Harmful; may cause lung damage if swallowed.
- F – Flammable.
- Dangerous for the environment.

Composition and information on ingredients
Cypermethrin tech 10.7%w/w (Xn. N, R20/22, R50/53)
Emulsifiers 4.3%w/w (X. R38. R10. R41. R67)
Aromatic solvent 85.0%w/w (N. R51/53. R65. R66. R67)

First Aid measures

Ingestion: Do not induce vomiting. Get medical attention. Wash out mouth with water. If spontaneous vomiting has occurred keep patient at rest, ensuring airways are clear and phone for an ambulance with oxygen facilities.

Inhalation: Remove to fresh air. Loosen clothing at neck. Keep at rest. Get medical attention.

Skin contact: Remove contaminated clothing. Wash off with soap and water. Get medical attention.

Eye contact: Flush thoroughly with eye wash solution or clean water for 15 minutes. Get medical attention.

Advice to doctor: Contains pyrethroid in petroleum distillate.

Fire-fighting measures

Extinguishers: Use dry powder or foam fire extinguishers. DO NOT USE WATER JET. Toxic fumes will be evolved in a fire. Self-contained breathing apparatus should be worn by fire fighters.

Accidental release measures

Spillage (containment and disposal): Wear appropriate PPE. Absorb in sand, earth or proprietary product, shovel into a marked container and contact a waste disposal firm or suppliers for disposal advice. Wash area with water.

Handling and storage

Precautions in use:

This product is subject to the Food and Environment Protection Act, 1985 and The Control of Pesticides Regulations 1986 made under it. The product must be used and stored only in accordance with the product label. The (COSHH) Control of Substances Hazardous to health Regulations 2002 may apply to the use of this product at work.

Wear suitable protective clothing, gloves and eye/face protection.

Avoid excessive contamination of coveralls and launder regularly.

Do not breathe spray. Otherwise wear respiratory protective equipment and eye protection (see HSE Guidance Booklet HS(G)/53: “The Selection, Use and Maintenance of Respiratory Protective Equipment – a practical guide”).

Do not contaminate foodstuffs, eating utensils or food contact surfaces.

Cover water storage tanks before application. This material and its container must be disposed of in a safe way. When using, do not eat, drink or smoke. Unprotected persons and animals should be kept away from treated areas until surfaces are dry. Remove or cover all fish tanks and bowls before application.

Do not contaminate waterbodies or watercourses with chemicals or used container.

Avoid all contact with plant life. Do not apply directly to livestock and poultry.

If swallowed, do not induce vomiting: seek medical advice immediately and show this container label.

Wash splashes from skin or eyes immediately.

Use biocides safely. Always read the label & product information before use.

Read safety data sheet before using this product.

Storage and transport precautions:

Keep only in the original container. Keep container tightly closed. Keep in a safe place.

Keep out of the reach of children.

Keep away from sources of ignition – No Smoking.

Keep away from food, drink and animal feeding stuffs.

Do not use, store or spill near open flame or electric fire.

Protect from frost.

When not in use, store upright with cap tightly screwed on.

## 10 Stability and reactivity

- Flammable but not a reactive preparation.

## 11 Toxicological information

### Routes of entry/symptoms of contact:

- **Inhalation:** Irritating to lungs and nasal passages.
- **Skin and eyes:** Irritating to skin and eyes.
- **Ingestion:** Hazardous if ingested in large quantities.
- **Symptoms of contact:** A wide range of toxic effects including irritation, coughing, muscular spasms, tingling of skin and twitching.

## 12 Ecological information

- Extremely dangerous to fish. Remove/cover fish tanks/bowls before spraying. Do not contaminate ponds, waterways or ditches with the chemical or used containers.

## 13 Disposal considerations

- **Empty containers:** Do not re-use. Empty completely- wash out into sprayer. Dispose of as below.
- **Unused/recovered materials:** Do not dispose of in domestic refuse. Treat as controlled waste. Contact supplier for advice.
- **Contaminated PPE:** Do not dispose of in domestic refuse. Treat as controlled waste. Contact supplier for advice.

## 14 Transport information

- **UN no. 1993**
- **Class 3.3.** Flammable. Flammable Packing Group III.

## 15 Regulatory information

- This preparation has been classified in accordance with The Chemicals (Hazard Information and Packaging for Supply) Regulations 2002: CHIP 3. These implement the Dangerous Preparations Directive- 99/35/EC. This Safety Data Sheet complies with CHIP 3 requirements and the Safety Data Sheets Directive 91/155/EEC (as amended by Directives 93/112/EC and 2001/58/EC).
- Refer to other relevant measures such as the Health and Safety at Work etc Act 1974 and the COSHH regulations and guidance.
- The information contained in this data sheet does not constitute the user’s own assessment of workplace risks as required by legislation.
- Risk Phrases: R10- Flammable. R65- Harmful; may cause lung damage if swallowed. R51/53- Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
- Safety Phrases: S2- Keep out of the reach of children. S7- Keep container tightly closed. S16- Keep away from sources of ignition- No Smoking. See full CHIP 3 and COPR safety phrases on the label.
- Approved under The Control of Pesticides Regulations 1986. HSE no. 3136.

## 16 Other information

**Ingredient classification data**

- Xn- harmful.
- Xi- Irritant.
- F- Flammable.
- N- Dangerous for the environment.
- R10- Flammable.
- R20/22- Harmful by inhalation and if swallowed.
- R38- Irritating to skin.
- R41- Risk of serious damage to eyes.
- R65- Harmful; may cause lung damage if swallowed.
- R66- Repeated exposure may cause skin dryness and cracking.
- R67- Vapours may cause drowsiness.
- R51/53- Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

**Observe statutory conditions of use on the label. Always read the label. Use pesticides safely.**

This data sheet does not constitute the user’s own assessment of workplace risks as required by legislation.

- The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer’s guidelines, product label data and any associated technical usage literature.

Re-issued July 2009 to incorporate the REACH requirement changes to safety data sheets.
